

Eastern Ontario Power is developing a five-year investment plan as part of its upcoming cost of service rate application. This plan will address ongoing asset replacement needs, system safety and reliability, and will consider ways that we can enhance our customer service. We would greatly appreciate your participation in our planning process by participating in an online survey at –

Make Your Voice Count. Once complete you will receive a one time \$10 power bill credit or one time \$10 United Way donation.
